"We are competing and achieving against bigger clubs from the metro area and that says a lot about the continuing development of competitive soccer here in the Coulee Region."

CRM President Doug Harpeneau said he expects the club to offer even more teams next year. He thanked players, coaches, parents and administrators for all their hard work.

"Due to the number of players and phone calls about summer soccer, we will be expanding our summer soccer program next season to include more teams," Harpeneau said. "CRM doesn't have tryouts, we take players on a first come, first serve basis. Nobody is turned away unless a team is full."
